

The supervisory board of the Kestcells Project announces the Seminar HZB-03:

“Time Resolved Photoluminescence Spectroscopy”

Dates: Tuesday 26 of May, 2015.

Place: HZB, Hahn-Meitner Platz 1, 14109 Berlin, Room E-115

Summary: In this Seminar, the application of time-resolved photoluminescence measurements to characterize recombination processes in polycrystalline semiconductors will be discussed.

Program

Time	Subject	Speaker
14:00-14:15	Introduction	Dr. Thomas Unold (HZB)
14:15-15:00	Theory of Time-Resolved Luminescence	Steffen Kretzschmar (HZB)
15:00-16:00	Experimental Setups and Advanced Methods	Dr. Thomas Unold (HZB)
16:00-16:15	Conclusions	Dr. Thomas Unold (HZB)
